

OUR MISSION SCORECARD

A sustainable business delivering science that maximises opportunities to enhance New Zealand's economic, environmental and social prosperity

CORE MEASURES OF OUR SUCCESS

FOR THE SHAREHOLDER:

Positive rating by core stakeholders of our science impact

Quantified impact on social, economic and environmental prosperity

Enduring commercial sustainability

Demonstrated impact for Māori stakeholders

FOR CUSTOMERS:

Relevant, high quality, timely outputs and delivery

High impact return on investment

Vision and commitment to inform and help realise their goals

FOR PLANT & FOOD RESEARCH:

A performance culture with a talented, engaged workforce

Depth and growth in research and commercial relationships

Robust commercial performance

Enduring relationships with Māori enterprises and iwi

OUR VISION

Valued by our stakeholders and admired by our peers for the quality and impact of our science

OUR STRATEGIC PRIORITY

To maximise the impact of our science, sustainably, for New Zealand, our stakeholders and for Plant & Food Research

OUR CUSTOMERS EXPECT

High quality science, innovative IP, products and services

A knowledgeable, enduring supplier of choice

A partner with vision, sharing risk and rewards

ROI and trust in delivery

OUR INSTITUTE MUST HAVE

Science excellence

Science practice and outputs benchmarked against the highest international standards.

Systems and culture that recognize and support the pursuit of robust, innovative and creative science.

Understanding and respect for Māturanga Māori.

Partners and relationships

Global research alliances that enhance our capability, science quality and delivery.

Long-term, proactive relationships worldwide with partners best able to apply research for maximum impact.

Productivity and operational excellence

Teams structured to lift delivery of breakthrough innovation. Emphasis on managing outputs to meet or exceed customer demand for high quality, timeliness and relevance of research and advice.

Greater organisational flexibility and agility to take on new challenges and maximise opportunities.

Commercial and investment acumen

Selective, strategic investment that optimises our research portfolio for impact and commercial sustainability of delivery.

Robust market identification matched with imagination and flexibility in business and contract models.

The right people, highly engaged and well led

OUR VALUES REFLECT

Achievement through leadership

Discovery and the creative application of our knowledge

Relationships based on honesty, mutual respect and trust
